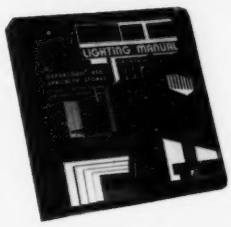
LIGHTING MANUAL
for
DEPARTMENT & SPECIALTY STORES
A GUIDE TO BETTER LIGHTING & ENERGY SAVINGS



IDEAL FOR USE AS:

* *Training manual for new personnel*
* *Guide to proper display lighting*
* *Better understanding of incandescent and fluorescent lighting applications*
* *Engineering and technical data*

Developed after 35 years of actual experience and application, for Store Planning Directors, Display Directors, Maintenance Managers, Purchasing Agents and Operation Executives. Written and illustrated for easy understanding by the layman as well as the professional.

Third Annual Summer Workshop for Teachers of Lighting

Sponsored by the
Illuminating Engineering Society
The New England Center
University of New Hampshire
Durham, New Hampshire
July 6 through July 18

Through an intensive series of lectures, demonstrations, and design projects, the teachers obtain up-to-date knowledge for further development of lighting courses.

Faculty members responsible for lighting studies in schools of architecture, interior design, and engineering are encouraged to apply. Living expenses during the two-week workshop period are to be covered.

Those full-time teachers that wish to apply, or would like more information, contact: Mr. John E. Kaufman, Technical Director, IES, 345 East 47th Street, New York, NY 10017.
